

OAK HILLS WOMEN'S CENTER, P.A.

NOTIFICATION OF MEDICAL PRACTICE CLOSURE

Dear Esteemed Patients,

Having provided quality obstetrical and gynecological care to San Antonio and South Texas for more than 42 years, we have made the immensely difficult decision to close the practice at the end of May 2025. Our practice was our "life's calling" as we focused daily on providing personalized attention to every patient. The decision to close was not made lightly and is a result of numerous barriers in operating and maintaining an independent physician practice. Dr. Bernard Cavazos and Dr. Carolyn Cavazos are officially retiring. Dr. Allison Cavazos will be transitioning out of private practice.

The last day for patient appointments will be Friday, May 23, 2025. The office will officially close on Friday, May 30, 2025. There are many great OB/Gyns in San Antonio with whom you will be able to establish care after our closing. To obtain a copy of your medical records or to have them sent to another provider of your choosing, please sign and submit a records release authorization form accompanied by a \$25 administrative fee as permitted by the Texas Medical Board. Once the office is closed, information regarding the storage and processing of medical records will be available on our website (www.oakhillswomenscenter.com).

It has been a distinct privilege and an honor to have had the opportunity to care for you, your family, and friends. We wish all of you happiness and good health as we say farewell.

Sincerely,

Bernard R. Cavazos, Jr., M.D., F.A.C.O.G

Carolyn L. Cavazos, M.D., F.A.C.O.G.

Allison R. Cavazos, M.D., F.A.C.O.G.
